## SUMMARY

I am an upcoming professional with a solid technical background and interest in software development. Hold a Pearson BTEC HND in Computing (Software Engineering) and have web and software development experience with back-end and front-end technologies. Looking forward to getting on board innovative projects and continuing enhancing my technical skills. Transferable Iqama, ready to start work immediately.

## WORK EXPERIENCE

**Junior Software Developer | Global Strategic Solution Pvt Ltd.**  
2023 Sept – 2024 Dec

- At Global Strategic Solution, I developed desktop and web apps using C# and front-end technologies for scalability and usability. I focused on problem-solving, testing, and flexibility while writing, designing, and authoring clear and maintainable code. To make development easier, I also kept my code and process documentation.

**Web Developer Internship | TechOctaNet Services Pvt Ltd.**  
2024 April – 2024 May (Remote)

- During my internship with TechOctaNet Services, I developed websites using basic front-end technologies such as HTML, CSS, JavaScript, and Bootstrap. This enabled me to enhance my understanding of responsive design, code optimization, and user-friendly interfaces while gaining experience in web development within a professional setup.

## PROJECTS

**Developer of Inventory Management System**

- Developed a desktop Inventory Management System on Visual Studio C# with Firebase. Implemented CRUD operations, optimization of database management, and developed a simple user interface for proper inventory tracking and management.

## EDUCATIONAL

- **Pearson BTEC HND in Computing**  
ESOFT Metro Campus (Pearson- Edexcel UK)  
2022 -2024
- **Diploma in Information Technology**  
Royal International Collage  
2021
- **GCE Advanced Level (A/L) - Physical Science Stream**  
T/R.K.M. Sri Koneswara Hindu College  
Completed in 2020

## PERSONAL DETAILS

- **Nationality:** Sri Lankan
- **Gender:** Male
- **Marital Status:** Single
- **Passport No.:** N9120290
- **Date of Birth:** 1<sup>st</sup> Jan 2002

## TECHNICAL SKILLS

- **Front-End Technologies**  
HTML, CSS, JavaScript, Bootstrap, React
- **Back-End Technologies:** C#, .NET
- **Database:** SQL Server, Firebase
- **Tools:** Visual Studio, Visual Studio Code
- **MS Office:** Word, Excel, PowerPoint

## PERSONAL SKILLS

- **Collaborate with Team**
- **Adaptable to Environments**
- **Time Management**
- **Stress Management**
- **Problem-Solving**
- **Reliability**

## Realtime POS system

- Developed a POS system for restaurant management using Visual Studio C# with Firebase and SQL Server. Designed a user-friendly interface, integrated order processing, and ensured secure database management for efficient operations. Collaborated with team members to meet client requirements and deliver a satisfactory solution.
- 

## Website Design and Development

- Worked on website development using Visual Studio Code and front-end technologies, creating responsive and user-friendly designs. Ensured seamless user experience across devices, focusing on intuitive layout and design functionality.

## LANGUAGES

- **English**
- **Tamil**
