Jeddah, Saudi Arabia

## SUMMARY

I am an aspiring software engineer with a solid foundation in software engineering and a strong interest in technology. Eager to apply my skills in programming and software design, I am looking to grow in a challenging environment, contributing to innovative projects while enhancing my technical abilities

## EXPERIENCE

### Web Developer Intern

#### OctaNet Services Pvt Ltd

📅 03/2024 - 05/2024 📍 Location

- Improved front-end features as a Web Development Intern using HTML, CSS, and JavaScript
- Enhanced understanding of responsive design
- Enhanced code optimization

## PROJECTS

### Developer of Inventory Management System

- Created an inventory management system in C# and MSSQL with CRUD operations. Developed sales reporting features to boost product management efficiency

### Realtime pos system

- Developed a store management system for an aquarium shop using C#. Managed inventory and sales efficiently. Tailored the solution to the shop's needs

### Landing page development

- Created a modern, responsive landing page using HTML and CSS. Ensured cross browser compatibility and Enhanced user experience

### Static e-commerce website development

- Developed a responsive static website using HTML, CSS, and JavaScript. The site features dynamic elements for enhanced user interaction. Ensured a smooth and engaging user experience across all devices
