EXECUTIVE SUMMARY

Software Developer with around 2 years of experience in front-end and back-end development, specializing in Angular, HTML, CSS, JavaScript, C#, ASP.NET Core, and SQL Server. Experienced in building responsive web interfaces and developing RESTful APIs for database-driven applications. Strong foundation in object-oriented programming, problem solving, and software debugging, with experience collaborating through Git and GitHub.

WORK EXPERIENCE

Assistant Document Controller

Aitco | 2025 May - Present

- Managed document submissions and responses with the main contractor via email, maintaining accurate logs, status tracking, and version control to ensure smooth document flow.
- Organized and maintained project documentation, registers, and reports using Microsoft Word and Excel, improving document accessibility and tracking.
- Maintained and updated cloud server document storage, ensuring proper file organization and secure access for the project team.
- Coordinated worker inductions, fingerprint attendance devices, and timesheet management using ZKTeco software, supporting workforce tracking and operational efficiency.

Full Stack Software Developer

Zolatik(Ptv) Ltd. | 2025 April - 2025 Sept

- Developed responsive front-end interfaces using Angular, TypeScript, HTML, CSS, and Bootstrap, improving user experience and application usability.
- Built and integrated ASP.NET Web API backend services with SQL Server stored procedures, enabling efficient data management and application functionality.
- Performed API integration and testing, implemented user authentication using local storage, and ensured smooth communication between frontend and backend systems.
- Utilized Visual Studio, VS Code, and SQL Server Management Studio (SSMS) for development, debugging, and database management.

Junior Software Developer

Global Strategic Solution (Pvt) Ltd. | 2023 Sept - 2024 Dec

- Developed Windows-based applications using C# and Visual Studio, implementing application features based on project requirements.
 - Designed UI/UX layouts and landing pages using Figma, HTML, CSS, and responsive design principles to improve user interface quality.
 - Wrote clean, maintainable code, performed testing and debugging to identify and fix software defects.
 - Collaborated with team members in Agile development processes, participating in discussions, planning, and code reviews.
 - Created and maintained technical documentation, supporting application development and system understanding for the team.
-

SKILLS

Programming & Web Technologies:

C#, ASP.NET, ASP.NET Core, ASP.NET MVC, .NET Web API, HTML, CSS, JavaScript, Angular (TypeScript), Bootstrap

Software Development Concepts:

Object-Oriented Programming (OOP), SDLC, MVC Architecture, RESTful APIs, CRUD Operations, Debugging

Databases: SQL Server, Firebase

Tools & Platforms: Visual Studio, VS Code, Git, GitHub, Figma, MS Office

Soft Skills:

Problem-Solving, Analytical Thinking, Teamwork and Collaboration, Attention to Detail, Time Management, Adaptability

EDUCATIONS

Higher National Diploma (HND) in Computing – Software Engineering

BTEC Level 5 | ESOF Metro Campus | 2022 - 2024

[Certificate Link](#)

Diploma in Computing & Diploma in English.

Royal International College | 2020 - 2021

[DIC-Certificate Link](#)

[DIE-Certificate Link](#)

PROJECTS

POS System (Windows Application)

- Developed a real-time desktop POS system using C# .NET and SQL Server.
- Implemented inventory management, pricing control, sales processing, and reporting modules.
- Designed the application for reliability and complete functionality for practical business use.

[View in GitHub](#)

Zolaprep Student Hub

- Worked as a Full Stack Developer on the Zolaprep Student Hub platform.
- Developed modules for students, courses, teachers, and notes.
- Implemented full CRUD operations using Angular (TypeScript) for frontend and ASP.NET Core Web API for backend.

LANGUAGE

Tamil - Native

English - Fluent (Professional Working Proficiency)
